

# Little Amigos

SPANISH CLASSES FOR KIDS

Recent studies on children's brain development have shown that the early years are the most critical for learning. In the preschool years children's brains are "wired" for learning. It is widely recognized that young children acquire new languages more easily than adults or older children.

Class Price: \$36-\$45 per month  
paid in advance.

Checks Made Payable To: Little Amigos

For More Information Please Call:

**858-271-4403**

Price is determined by  
number of weeks in month.  
\$10.00 per class will be assumed  
for late payments.

# Children love Little Amigos classes!

## About Little Amigos

Little Amigos is designed for parents who are interested in preparing their children for life in today's world where it's important to know more than one language.

## Benefits of Learning A Foreign Language

Research shows children who learn a second language:

- *Demonstrate enhanced listening and memory skills.*
- *Are more creative and better at complex problem solving.*
- *Have an innate ability to acquire the rules of any language.*
- *Develop cross cultural skills and awareness.*
- *Demonstrate divergent and higher order thinking skills.*

Our teachers make learning Spanish fun for young children. The kids love the songs, games and art projects.

## Learning is Fun

As a parent you want to provide your child with every possible opportunity. At the Whole Child Learning Company we understand the balance between helping children excel without pushing them too hard.

Our developmentally appropriate programs encourage children to explore, play and have fun while they learn valuable skills and concepts.

Your child won't think of Little Amigos as work. They will love the classes and look forward to "Spanish Day."

## Curriculum

Our curriculum revolves around monthly themes. Each theme teaches new vocabulary. Some of our themes include:

**Parts of the body**

**Animals**

**Clothing**

**Feelings**

**Colors & Shapes**

**Numbers & Counting**

**Seasons & Weather**

**Foods**

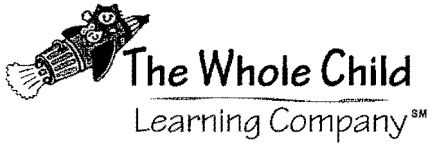

**Our experienced teachers incorporate singing, music, games, puppets, drama, stories, art and more to make classes fun!**
